So much more than unpacking...

We Organize

We Accessorize

We Hang Art

We Even Set Your Clocks

We put your home back together.

Great moves have Silver Linings!

SL Silver Linings

So much more than unpacking

Moving is a change that can be very stressful for you and your family. Our **Silver Linings Unpack and Organize Teams** will help eliminate that stress through their professional, personal and caring service.

The objective of Silver Linings is to make your new home 100% functional and fully accessorized as quickly and efficiently as possible. Of course, this is beneficial to you as the homeowner but is also beneficial to your company.

With the Silver Linings Team unpacking, organizing and accessorizing the distraction of an unsettled home will not hinder the effectiveness of a newly transferred or hired Executive. Your Company pays for peak performance. With **Silver Linings** you can be at the top of your game with no delay.

"The Silver Linings Team is one of the hardest working group of people I have ever seen!! They were a pleasure to work with."

**Trey and Dee Velvin
Dallas, Texas**

How does it work?

The Silver Linings Team will meet the moving company at your new home on the morning of delivery. While the moving van is being unloaded, the Silver Linings Team will begin putting your home back together. The Team will custom install ribbed plastic shelf and drawer liner in the kitchen. They will unpack and organize your belongings in each and every room. The Team will assist in arranging your furniture and hanging your artwork.

They will assemble basic electronic equipment, make beds, set the clocks and do a final touch-up cleaning. Would you like your refrigerator re-stocked or have other special requests? Just ask the Team Supervisor. Silver Linings is there to personally serve you and your family.

"Through the entire process the Silver Linings Team held themselves to doing the best quality job...I will always be grateful for their tremendous contribution and support. Without it, I am unsure how we could have done it."

**Ed and Jane Drumm
Baltimore, Maryland**

How do they know?

We are often asked how our Team Members will know where to put your belongings. The Silver Linings Team Members are trained to organize your belongings in a logical manner. Kitchenware is organized for function. Clothing closets are organized for season, style, sleeve length and color. Bathroom accessories are organized for use. If you prefer that certain belongings or accessories be arranged in a specific way, our Team can work from your instruction or from photographs taken prior to your move.

"The Silver Linings Team was extremely cooperative and full of helpful suggestions."

**John and Audrey Coyle
Colorado Springs, Colorado**

Do I need to be there?

The Silver Linings Team will work with as much or as little guidance as you wish to provide. Often the Team works closely with an Interior Designer. Most Silver Linings Clients give the Team general guidance in the morning and then go off to shop or to get acquainted with their new neighbors. Many of our Clients have used this time as an opportunity to take a mini-vacation. When they return, they are "Home."

Complete Service vs. Day Service

For our "Complete Service" the Silver Linings Team works until you are personally satisfied that your home is 100% functional and perfectly accessorized. This usually takes from 1 to 4 days.

"Day Service" requires that the Team be given specific instructions and a list of prioritized tasks. The Silver Linings Team then works down the list attempting to complete as much as possible in the allotted time.

Just watch and see what a difference **Silver Linings** makes on your next move!
